

E. V. Booth Scholarship Award

The E. V. Booth Scholarship Award was established in 1999 in honour of CSMLS Executive Director, Valerie Booth, upon the occasion of her retirement after a distinguished career in medical laboratory science. This fund was established to assist CSMLS members in fulfilling their vision of achieving university-level education in medical laboratory sciences. The fund is supported through donations from members, friends and corporations who wish to see the goals of this scholarship fund achieved.

You could receive up to a \$1000 scholarship award from the Canadian Society for Medical Laboratory Science through the E. V. Booth Scholarship Award program. We are searching for a certified medical laboratory professional who is enrolled in studies leading to an undergraduate or graduate degree in medical laboratory science (or a degree with a closely related scope of study). A Scholarship of up to a \$1000 will be awarded to one student enrolled in either full time or part-time studies.
